Agenda #1

- Legal Focus

I came for a lawyer and left with a great advice for free...

Ditcher, Quick & Hyde
Divorce Lawyers
Legal Focus

• Resolution of the Ministry of Civil Service & Housing Affairs No. 20 of 2005

Article 17

Stable ladders should be made of substances to prevent slips.

They should also be provided with precautions of safety affixed to the sides.

Moveable ladders should be strong and be able to support weight
Legal Focus

• Resolution of the Ministry of Civil Service & Housing Affairs No. 20 of 2005

Article 17

The height of the rungs should be regular with suitable dimensions.

Bases and heads should be provided with fixed means to prevent slipping.

It is preferable to use double ladders
Legal Focus

• Resolution of the Ministry of Civil Service & Housing Affairs No. 20 of 2005

Article 17

Scaffolds should be made of strong and suitable substances to bear the weight of the load

They should also be wide enough and surrounded by obstacles to prevent the falling of workers and materials

Workers should be provided with safety devices during erection
Legal Focus

• QCS 2014 Section 11 (Regulatory Document)

**Article 1.1.27.21**

Scaffolds should only be erected, altered, or dismantled by, or under the supervision of, a competent person
Legal Focus

• QCS 2014 Section 11 (Regulatory Document)

**Article 1.1.8.30.2**

The design of temporary works, such as falsework, formwork and scaffolding, falls within the scope of CDM
Designated “danger areas” must be created where there is a risk of a person falling, or being hit by a falling object. In the case of incomplete scaffolding, suitable notices must be displayed to discourage attempted access onto the scaffold.
