Agenda 2

- Networking
In your groups, discuss the following scenario, and come up with your (joint) decision and reasoning.

If you have seen this before, please keep quiet.

You have 1 minute.
You are driving along in your car on a wild, stormy night. You pass by a bus stop, and you see three people waiting for the bus:

1. An old lady who looks as if she is about to die.

2. An old friend who once saved your life.

3. The perfect man (or) woman you have been dreaming about.

Which one would you choose to offer a ride to, knowing that there could only be one passenger in your car?
Agenda 2

ONE MINUTE CHALLENGE
Most Common Job Interview Questions

why should we hire you?

you have a job opening
“Tell me about yourself”
“What is your biggest strength?”
“What is your biggest weakness?”
“Where do you see yourself in five years?”
“Out of all the other candidates, why should we hire you?”
“What do you consider to be your biggest professional achievement?”
“Why do you want this job?”
"Why do you want to leave your current job?"
“Tell me about a challenge or conflict you've faced at work, and how you dealt with it.”
“What's your management style?”
If you were an animal, which one would you want to be?
Agenda 3

- **HSE Leadership**

A good manager tailors his leadership style to fit each employee.

In your case, I think the best approach involves poking you with a sharpened pool cue.

To be perfectly honest, a big part of leadership is guessing.
